## Reina is a complete reinvention of urban condominium living.

Named after the Spanish word for queen, it is the first all-female development in Canada. We're building a better condo by doing things differently — through community collaboration, new perspectives, and a commitment to multigenerational living.

What does a condominium look like when it's inspired, designed and executed by women? Not only is it spectacularly beautiful, with sinuous architecture and interiors, but it also fosters a stronger sense of community, making the building feel like its own neighbourhood.

With a wide variety of layouts, multipurpose amenities and tailored programming and activities, residents can connect, spend time together and make new friends of all ages and stages of life.
